

**DSC OPENS NEW DESIGN CENTER
RIBBON CUTTING CEREMONY HELD TO REVEAL NEW BUILDING TO COMMUNITY**

RESERVE, LA – FOR IMMEDIATE RELEASE

Dredging Supply Company, Inc. (DSC) hosted a ribbon cutting ceremony on July 13, 2009 to commemorate the opening of their new design center. Recent and steady growth throughout the company created a need for an additional building to house their engineering and automation departments.

Attending the ceremony was Bill Hubbard, St. John the Baptist Parish President, who spoke of the significance of DSC's expansion to the community. He also praised the company for using Aegis Construction, a local company specializing in commercial construction projects. Also in attendance were Mr. Kent and Mrs. Louise Liliedahl and Ray Poche, representing Aegis Construction, as well as many of the company's vendors, suppliers, and industry partners.

AERIAL VIEW OF DSC'S NEW DESIGN CENTER

DSC's new Design Center has been named in honor of Ms. Julia (Mamou) Bull Campbell, Bill Wetta and Bob Wetta's maternal grandmother. Her support and encouragement were endless and she could not have been more proud of her grandchildren. Ms. Bull was instrumental in financing the start of the company and her legacy lives on through DSC's growth and international success.

The "Julia Bull Campbell" Design Center is 5800 square feet, approximately three-quarters of the size of DSC's "Thomas J. Wetta III" Administration building. The building's design incorporates many modern conveniences including a learning center for classroom training and monthly safety meetings.

The company is excited about their addition and is eager to utilize the new space in its entirety.

Dredging Supply Company, Inc., the world's leading designer and manufacturer of cutter suction dredges and underwater pump mining dredges, is located in Reserve, Louisiana. For more information about the company and their products and services, please visit them at www.dscdredge.com.
